- *Explanation of how hits were totaled*
 - *Number of visits that include a view of the specified document. Individual visitors are counted each time they come to the Web site, and are counted only once per visit no matter how many pages they look at. If a visitor is idle longer than the idle-time limit, Web Trends assumes the visit was voluntarily terminated. If the visitor continues to browse your site after they reach the idle-time limit, a new visit is counted.*
- ✚ **Explanation of how percentages of visitors who viewed this document were figured.**
Answer: Total views of loan fund web page ÷ Total views of all web pages
